THE SETUP

IN PLAY

WHAT IT IS

A self-serve row of high-performance gaming PCs, delivered and installed at your venue. Players sit down, sign in to their own Steam, Epic or Battle.net account and start playing in under a minute. Five and ten stations are the headline configurations, with larger arrays available on request. Fortress supplies the equipment and standard display kit; your venue supplies the floor, power and bandwidth.

WHY IT MATTERS TO YOUR VENUE

- Turns a function room, foyer or quiet floor into a competitive gaming destination that gives guests a reason to stay.
- Reaches the gamer crowd your venue may not otherwise attract, and keeps them engaged for hours.
- Self-serve by default, with on-floor hosting, session management and program delivery available when you want them.
- TVs on stands plus one 3 m light box are standard from five stations. A live leaderboard and custom activation board are optional.
- Add brackets, casual ladders, multi-venue competition and broadcast through Connected Series.

THE SETUP

AI ARTIST'S IMPRESSION - SETUP VIEW

IN PLAY

WHAT IT IS

A complete social gaming lounge, delivered and installed at your venue. Each unit combines a gaming PC and console behind one 55-inch 4K screen, a wrap-around couch for eight to ten people and one to four active player slots. Guests choose a familiar party, sports or co-op title, pick up a controller and start playing together. Begin with one unit and scale to eight, with more available on request.

WHY IT MATTERS TO YOUR VENUE

- Turns an underused corner, booth or function room into a social destination.
- Groups settle in together, extending dwell time and supporting food and drink sales.
- One to four active player slots make familiar games easy to share across a larger group.
- A 3 m branded light box and designed lounge setting create a strong sponsor and content backdrop.
- Add house nights and multi-venue competition through Connected Series.

BOARD-GAME LIBRARY AND LIVE NIGHTS

TABLETOP TAVERN.

The library fills quiet hours. The live nights fill the room.

THE SETUP

AI ARTIST'S IMPRESSION - SETUP VIEW

IN PLAY

WHAT IT IS

Tabletop Tavern brings two bookable modes to your venue: a self-serve timber library cabinet with 50 to 70 curated games, and eight hosted live-night formats marketed and run by Fortress. Book the cabinet, the hosted nights or both. The library gives guests an easy reason to settle in together; the program turns selected nights into repeatable social occasions.

WHY IT MATTERS TO YOUR VENUE

- Turns a quiet corner or underused night into a social reason to visit and stay.
- A shared game holds a table for hours, supporting food and drink sales throughout the session.
- Accessible formats welcome families, first dates, regulars and experienced tabletop communities.
- The cabinet is self-serve. Hosted nights add a trained Games Master or host when the venue wants a programd occasion.
- Eight day-agnostic live formats let each venue build a program around its own trading week.

WHAT IS IN THE CABINET MODE

Standard inclusions

- **The cabinet** · a lockable, branded timber dresser-hutch that reads as warm tavern furniture and secures overnight
- A standard 10 to 12 inch tablet for check-in, game discovery and rotating brand or menu display
- Numbered kit bags for every title and a spare-piece consumables kit to keep the library complete
- Delivery, installation, service and replenishment by Fortress
- A curated library of 50 to 70 board games, selected for the venue and refreshed in the field
- Venue Wi-Fi by default, with managed internet available as an optional add-on
- Two 1 m light boxes, flags and cabinet branding

OPTIONAL EXTRAS

FORTRESS-OPERATED HIRE: CABINET, HOSTED NIGHTS OR BOTH. TAILORED QUOTE WITHIN FIVE BUSINESS DAYS.

Each deployment is scoped to the selected mode, live-night format, branding, duration, delivery logistics and optional layers. Venue, food and beverage, and prize pools sit outside scope.

Each cabinet is configured and commissioned for your venue, released in scheduled commissioning windows. Lead time confirmed at quote.

OWN THE INSTALLATION

A library cabinet and tavern fit-out your venue owns outright. Fortress designs and builds it to the locked Fortress specification, commissions it on site, and services, curates and replenishes it under a managed-service agreement. Hosted nights are booked per event in either model. Venue-owned installations are scoped and priced by proposal.

THE NIGHTS WE BRING.

Eight hosted formats, each with its own identity and run-sheet. Book one format or build a rotating program. Every format is day-agnostic, so the venue chooses where it fits in the trading week.

**FLAGSHIP FORMAT****MANA ON TAP**

REPORTING

Post-event attendance report

Book independently: hosted nights do not require the cabinet. The cabinet can also operate as a self-serve library without a hosted program.

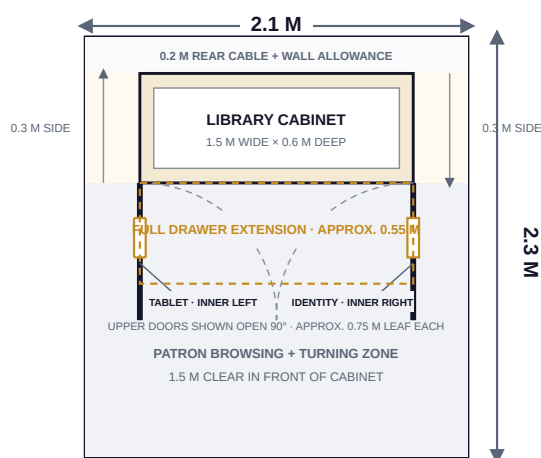

TWO WAYS TO DEPLOY.

The self-serve cabinet and hosted nights can be booked together or separately. The cabinet access guide covers cabinet operation only; the two standard 1 m light boxes and flags are placed to suit the venue.

TABLETOP TAVERN • SELF-SERVE CABINET

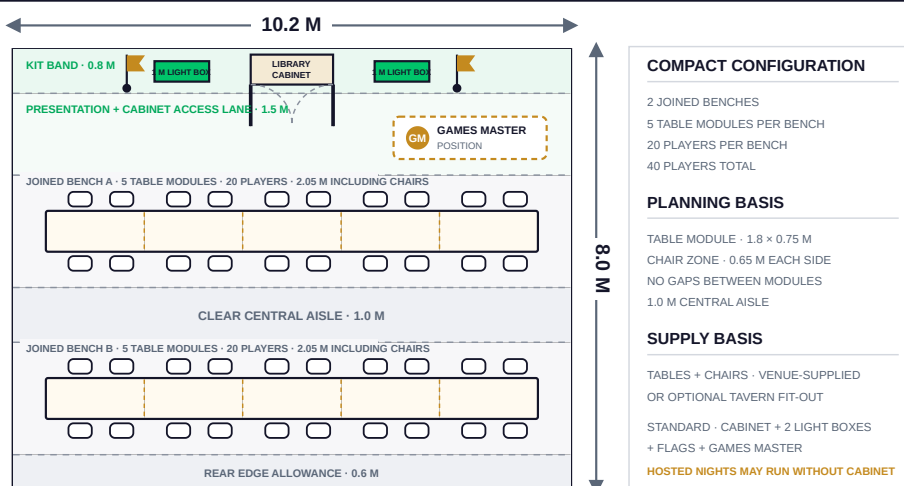

Cabinet access guide - two 1 m light boxes positioned to suit the venue

INDICATIVE ENVELOPE 2.1 M x 2.3 M = 4.8 M²
WIDTH: 0.3 M SIDE + 1.5 M CABINET + 0.3 M SIDE = 2.1 M
DEPTH: 0.2 M REAR + 0.6 M CABINET + 1.5 M PATRON ACCESS = 2.3 M
TWO 1 M LIGHT BOXES POSITIONED TO SUIT THE VENUE

TABLETOP TAVERN • HOSTED NIGHT • 40 PLAYERS

Standard compact configuration - two joined five-table benches - confirm access and egress against the selected venue

CANONICAL COMPACT ENVELOPE 10.2 M x 8.0 M = 81.6 M² - BUYER GUIDE APPROX. 82 M²

WIDTH: 0.6 M END + 5 x 1.8 M JOINED TABLE MODULES + 0.6 M END = 10.2 M

DEPTH: 0.8 M KIT + 1.5 M PRESENTATION/ACCESS + 2 x 2.05 M BENCH ZONES + 1.0 M AISLE + 0.6 M REAR = 8.0 M

The 40-player hosted-night guide uses a compact 10.2 m by 8.0 m plan with two joined table benches. Tables and chairs are venue-supplied or available through the optional Tavern fit-out. Final access, emergency egress and furniture placement are confirmed for each venue.

— STATIC RACING SIMULATORS

SIM RACING GARAGE.

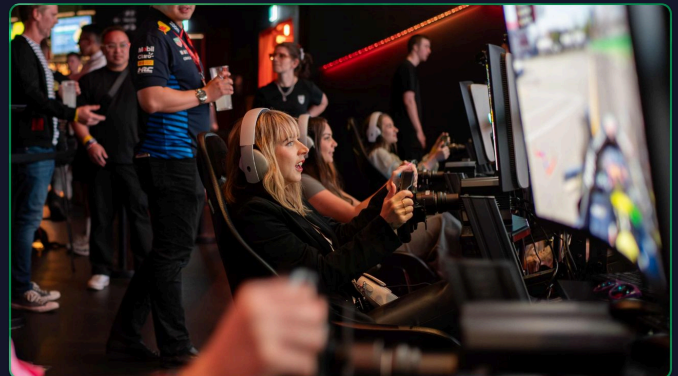

Built for motorsport. Made for everyone.

THE SETUP

IN PLAY

WHAT IT IS

Static, PC-based racing simulators, delivered and installed at your venue. Each simulator uses a direct-drive wheel, load-cell pedals, racing seat and 34-inch curved ultrawide display. Guests scan in, set a lap and follow live timing on venue and global leaderboards. Choose 2, 4, 6, 8 or 12 simulators, with a single simulator available by special request. First-timers can jump in quickly, while the equipment remains credible for experienced drivers.

WHY IT MATTERS TO YOUR VENUE

- A highly photographable activation that draws spectators as naturally as drivers.
- A natural fit for motorsport, automotive, technology, energy-drink and beverage partners.
- Easy for first-time drivers to understand: take the wheel, set a lap and follow the live timing.
- Single curved ultrawide displays are standard. Triple-screen displays are a premium upgrade.
- Add leagues, broadcast finals and multi-venue competition through Connected Series.
